

FOR THE RECORD

**A SURVIVOR DISCUSSION
WHERE THOSE CLOSEST TO THE PROBLEM
WEIGH IN ON THE SOLUTIONS.**

For the Record is a discussion series that listens to the voices of survivors of sexual trauma.

We ask the overlooked questions about needs and impact in order to inform real solutions, address the long term repercussions of sexual violence and ultimately, respond better as individuals, communities and institutions.

Join us in Los Angeles this October for the first of many speaking spaces. We see you. We hear you. We believe you.
